MUHAMMAD ABDULLAH

FULL STACK DEVELOPER

mabdullah332w@gmail.com | +92 322 106 0997 | Chunian, District Kasur, Pakistan

Portfolio: abdullah-yahya-portfolio-y5v2.vercel.app

PROFESSIONAL SUMMARY

Full Stack Developer with a foundation in React.js, JavaScript (ES6+), HTML5, and CSS3, with hands-on project experience building responsive web interfaces and interactive applications. Familiar with Tailwind CSS, Bootstrap, REST APIs, and frontend state management, with basic knowledge of Node.js, Express.js, and MongoDB. Seeking to contribute to a development team while continuing to strengthen full-stack engineering skills.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js

Styling: Tailwind CSS, Bootstrap

Backend: Node.js, Express.js (basic knowledge)

Database: MongoDB (basic knowledge)

Tools: Git, GitHub, Visual Studio Code, npm

Additional: Responsive Web Design, REST APIs, Debugging, Figma-to-HTML/CSS Conversion

PROJECTS

Personal Portfolio Website

- Developed a responsive portfolio website to present technical skills, projects, and professional information.
- Built the user interface using React.js and Tailwind CSS.

Restaurant Website

- Developed a responsive restaurant website interface with menu items and restaurant information.
- Used React.js, HTML, CSS, and Tailwind CSS to structure and style the site.

Task Management System

- Built a task management application to create, organize, update, and manage tasks.
- Used React.js and JavaScript to implement an interactive interface and practice component-based development and state management.

Al-Rehman Rice Mills Management System

- Developed a frontend application for rice-weight calculations, bill management, and payment records.
- Used React.js, Tailwind CSS, and browser local storage to manage data.
